RAKHI PATIL

Computer Science & Engineering Student | Frontend Developer | Enthusiastic Learner

Phone: [Add Phone] | Email: [Add Email]
LinkedIn: [Add LinkedIn] | GitHub: [Add GitHub] | Bidar, Karnataka

CAREER OBJECTIVE

Computer Science Engineering student with hands-on experience in frontend development, Python and machine learning projects. Interested in building practical software solutions, strengthening DSA and problem-solving skills, and growing toward an AI/ML-focused engineering career.

EDUCATION

Qualification	Year	Performance
B.E./B.Tech – Computer Science & Engineering, Gurunanak Dev Engineering College, Bidar	2024–2028	CGPA: 8.8
12th – Science, Shaheen The Group of Institutions, Bidar	2024	80%
SSLC, Kamalnagar	2022	98.7%

INTERNSHIP EXPERIENCE

AI/ML Intern — InternPe | 2026

- Completed practical machine-learning tasks involving data preprocessing, exploratory data analysis, feature selection, model training, evaluation and visualization using Python.
- Built Diabetes Prediction, Car Price Prediction and Breast Cancer Detection projects; documented work through recorded demonstrations and professional LinkedIn posts.
- Worked with Python and data/ML libraries including Pandas while developing prediction workflows.

PROJECTS

Library Management System — HTML, CSS, Flask, MySQL

- Developed a web-based library system with add, view, edit, delete, issue and return book modules.
- Implemented search and book-reservation functionality using a queue-based reservation approach with MySQL integration.

Diabetes Prediction — Python, Pandas, Machine Learning

- Built a machine-learning workflow for diabetes prediction, including data preparation, model training and evaluation.

Car Price Predictor — Python, Pandas, Machine Learning

- Developed a regression-based project to predict car prices from input features and presented the project through a recorded demonstration.

Breast Cancer Detection — Python, Machine Learning

- Implemented a classification workflow to predict benign/malignant cases as part of the InternPe internship.

TECHNICAL SKILLS

Programming: C, C++, Java, Python
Web Development: HTML, CSS, Frontend Development, Flask
Database & CS: MySQL, DBMS, Data Structures & Algorithms (DSA)
Tools/Areas: Visual Studio Code, Jupyter/Anaconda, Machine Learning, Git/GitHub (learning)

WORKSHOPS & ACTIVITIES

- Participated in the 2-day Samshodhana Bootcamp at GNDEC Bidar by VTU VRIF, gaining exposure to team communication, entrepreneurship ideation, and rapid problem/solution/prototype development.
- Interested in entrepreneurship, practical technology projects, women empowerment in technology, and continuous programming skill development.

CAREER INTERESTS

Frontend Development • Machine Learning • AI/ML Engineering • Programming Projects • Problem Solving
